

Select Tigers 2012

For the 2012 season, the PBA plans to offer a Select Program in both Pee Wee (players born in 1999 and 2000,) and Mosquito (players born in 2001 and 2002.)

Purpose:

PBA Select baseball offers skilled house league players the additional opportunity to participate in competitive baseball exhibition and tournament games during and after the regular season. It also provides an opportunity for more practices and increased skill development.

Definition:

Two "Select" teams will be chosen from our house league players. One Pee Wee team (players born 1999 and 2000.) One Mosquito team (players born in 2001 and 2002.) The selection will be based on at least two tryouts, that will be held in early May, after the House League registrations are completed

Indoor winter workouts are planned for interested players in the Feb-Apr timeframe. Winter workouts are not tryouts, participation is not mandatory, and participation does not guarantee inclusion on the final Select roster.

Select players play on their regular House League teams, as well as have additional practices and games, including attending at least two tournaments. Both teams plan to attempt to qualify for and attend the SOBA (Select Ontario Baseball Association) provincial championship tournament on Labour Day Weekend.

Tournaments attended would be SOBA tournaments not open to OBA teams above A level.

Select Players would pay a fee over and above the PBA registration fee (which includes house league participation.)
